James Roe

If your interested in learning more on Ai object and facial recognition please let me know,

I can do a skype demo or in person, I can track a tattoo , logo or mustard stain on a jacket over live CCTV video streams or archived video in minutes. I am also a POST instructor so totally understand the value to your agency.
Thank you , Jroe@brainchip.com

James Roe

If your looking at or like to go Next Generation Surveillance please take a look at brainchip.ai
Id be happy to show you capabilities via SKYPE or in person object or facial recognition,
I am also a POST Instructor so can teach you a verity of courses
Thank you,
James Roe , Jroe@brainchip.com

Does anyone have experience with Compass Com? Likes? Dislikes?
Is there other companies that do similar things?

Paul Logan

Dane County (Madison, WI) has released a request for proposals for a Communications Center Staffing Study. If you are, or know of, an organization qualified to submit a proposal, please share this information with them.

Thank you,

Paul
